Washington township's local rate will be 67 cents next year as compared with 68 cents this year. However, the township will have a poll tax of one dollar next year whereas there was no township poll tax levied last year and payable this year. A fifty cent poll was levied for the special school fund and one for the tuition fund.

The township tax was left at the same figure, three cents, but the tuition tax was increased one cent, being 21 next year compared with 20 this year. The special school tax was reduced from 25 to 21 cents and the road tax was increased from 15 to 16 cents. A township poor tax of one cent and a school bond tax of five cents were added.

The tax levy was placed on file by John P. Scott, chairman of the township advisory board, and W. T. Dobbins secretary.

Center township's local rate will be 54 cents next year, compared with 56 this year. The poll tax will remain the same, \$1.25, levied for the

### LOCAL CLUBS WILL WIND UP SEASON HERE

Rotary and Kiwanis Base Ball Teams Will Play Another Game Next Wednesday

### PROCEEDS FOR A CHARITY

The Rotarian and Kiwanian base ball teams are tuning up for a wind-up of the season. They plan to play next Wednesday afternoon and the proceeds will go to some local charity.

It is expected that the rivalry will be as keen as it was in the first game last June when the Kiwanians won. The Kiwanis club thought that the Rotarians ought to have another chance to get even and offered them the opportunity, so the game was scheduled for next Wednesday afternoon.

Since the first game, the Kiwanians have strengthened with the acquisition of some good ball players who have joined the club. Notable among these is Nick Tompkins, who pitched against the Connersville Kiwanis club here last week and won.

The Rotarians will present practically the same line-up as they did the first game, with the exception that a new pitcher will be used.

## SHERIFF PLANS TO CAPTURE LEADERS

Offensive in Hardin County, Ill., "Mine War" Shifts Into Hands of Authorities.

### DEPUTIES AFTER DR. JOINER

Seek Rosiclar Physician Who Abandoned Home and Practice to Lead Miners.

(By United Press) Elizabethtown, Ill., Sept. 9.—The offensive in the Hardin county "mine war" shifted Friday from the hands of the union miner forces to those of the deputy sheriffs guarding the towns of Elizabethtown and Rosiclar.

Sheriff D. N. Cox's forces began to carry out plans to capture leaders of the union miners. A party of deputies left here before daybreak in an effort to capture Dr. J. P. Joiner of Rosiclar, a physician who abandoned his home and practice to lead the union miner forces.

The sheriff's posse planned to lay siege to the house of Dr. Joiner's father, several miles northeast of here, where the union leader was reported to be spending the night.

Deputies carried a warrant for Dr. Joiner's arrest, charging him with inciting to riot.

Adjutant General Frank S. Dickson of Illinois, was due to arrive at Hardin county at noon Friday to make investigation of the situation which was ordered by Governor Small.

The governor was requested to send troops here by Ed Carding, one of the vice presidents of the Illinois Federation of Labor, and organizer of the fluor spar miners at Rosiclar, and Frank Hardesty, a union miner, who visited Governor Small at the capitol.

Effort was being made to secure the arrest of Carbine upon his arrival in Hardin county. W. P. Hanson, general manager of the Rosiclar mine, said he would swear out a warrant against Carbine, charging the union leader with inciting to riot.

Meanwhile the main body of union miner forces encamped in the hills north of here was reported to have retreated northward towards Equality and Harrisburg. The retreat was believed to have been caused by the heavy rains of Thursday and partly by the fact that additional machine guns have been imported to resist the miners' threatened advance.

## MURDERER OF 3 OFFICERS SOUGHT

National Guard Company and Posse Search For John Webb at Hibbing Minn.

### CHARGE FILED BY HIS SON

Shoots Chief of Police, Chief of Detectives and Traffic Officer Resisting Arrest

(By United Press) Hibbing, Minn., Sept. 9.—The Hibbing national guard company joined in the search for John Webb, murderer of three police officials, today. Troops and deputies were ordered to shoot to kill the moment they caught sight of Webb.

Webb shot and killed the chief of police, chief of detectives and a traffic officer last night when they attempted to arrest him on the charge of ravaging his thirteen-year-old daughter Alice.

A posse of more than one thousand men were beating the Woods near Wilpen. Indications were that Webb had escaped. One report was that a man of the same description was seen in West Duluth in a speeding automobile early today.

The dead are: Chief of Police Daniel Hayes. Chief of Detectives Gene Cassidy. Traffic Officer William Kohrt.

Charges were brought against Webb by his 18-year-old son.

The trio of officers went to Webb's home. As Hayes opened the door he was shot through the heart with a rifle bullet. Cassidy was shot through the shoulder and died later. Kohrt, also shot through the shoulder, died in a hospital.

Webb fled, followed by a posse. He is a widower with six children. He had been acting strangely, the children said, and they spent one night in the woods from fear of him.

## FRED KUE DIES AT HOME IN GLENWOOD

Stockbuyer Expires at Age of 55 Years and Funeral Will be Held Saturday

### SUFFERED WITH PERITONITIS

Fred Kue, age 55 years, a well-known resident of Glenwood, and a stock buyer, died yesterday afternoon about three o'clock, death being caused from peritonitis, which developed following a two week's illness.

The deceased was a native of Laurel, but had spent the greater portion of his life in Glenwood. He was never married and made his home with his half-sister Miss Florence O'Keefe. The deceased was a member of the Methodist church in Glenwood.

Besides the half-sister mentioned above the deceased also is survived by two half-brothers, William L. O'Keefe of Connersville and Frank H. O'Keefe of Glenwood.

The final rites will be conducted Saturday afternoon at 2:30 o'clock at the M. E. church in Glenwood, in charge of the pastor, the Rev. J. T. Taylor, and burial will take place in the cemetery at Glenwood.

## OPTIMISM OVER PEACE PROSPECT

Better Feeling Exists in London Today Following Publication of Premier's Note

### NEW CONFERENCE OFFERED

Lloyd George's Action Backed by All Parties and Almost Unanimously by Press

(By United Press) London, Sept. 9.—Optimism over the prospect of peace with Ireland existed generally here today, following publication of Lloyd George's note inviting Sinn Fein to a conference.

The premier's letter was backed by all parties and almost unanimously by the press. With what has gone before, it embodies virtually the extreme limit of concessions which even the most liberal Englishmen approve. The principal objections come from conservative quarters.

The Morning Post, for instance, describes the note as a "further humiliation" but newspaper opinion generally applauds the premier for generosity and firmness.

Dublin, Sept. 9.—Sinn Fein will accept Lloyd George's proposal of a conference on Sept. 20, members of the Dail Eireann believed today.

The form which President De Valera's note of acceptance will take and the further jockeying for position before the time for the conference arrives, remained in doubt.

That portion of the British prime minister's note, in which he states definitely that Sinn Fein will be permitted to "raise the subject of guarantees on any points" in which it may consider, Irish freedom is Continued on Page Three

## TAXPAYERS PLAN AN ORGANIZATION

Protective Association Will be Formed in Rushville and Rush County Soon

### FUNCTIONS OF THE BODY

Purpose Will be to Curtail Public Improvements so That Taxes May be Reduced

A taxpayers' protective association will be formed in Rushville and Rush county very shortly. Such associations are already organized and functioning in some Indiana counties and are being organized in others.

It is generally admitted that the question of taxation is the biggest one before the public today, taxes being already very burdensome and still increasing. The object of a taxpayers' protective association is to have committees of its members attend meetings of county commissioners and county and city councils and oppose further unnecessary public improvements to the end that tax levies may in the future be reduced rather than increased. All farmers and owners of real estate are vitally interested in this question as real estate, such as farms and city property, can not escape taxation and pays more than its just share, owners of real estate believe. Much personal and intangible property goes untaxed, thus throwing the burden onto real estate.

The temper of the people on the question of taxes and the subject of taxation was shown by the vote on amendments to the state constitution in the election of last Tuesday. Of all the amendments the general tax amendment was defeated most decisively, the majority against it being over 135,000, while the defeat of eleven other amendments ranged from approximately 19,000 to 100,000.

How the taxpayers protective associations works and the results they accomplish is shown by the dispatch below to the Indianapolis Star from Monticello, Ind.:

As the result of a vigorous drive made by the White County Taxpayers' Protective Association just recently organized, on the White county board of commissioners and the White county council, the free gravel road repair fund has been reduced for the year 1922 from 16 cents on the 100 to 10 cents. This will decrease the amount in the road repair fund from about \$98,000 to \$40,000. The organization also asked the commissioners not to authorize any new road construction for a period of three years.

The commissioners also reduced the wage scale for work on the county roads from \$5.50 a day to \$3.50.

## TAX PROGRAM IN HANDS OF CONGRESS

Senate Finance Committee Has Definite Facts and Figures From Secretary Mellon

### RECOMMENDATIONS FAVORED

(By United Press) Washington, Sept. 9.—The administration's tax program was in the hands of congress today.

As a result of Secretary of the Treasury's Mellon's appearance before the senate finance committee that body had before it the most definite facts and figures obtainable concerning the administration's proposals for raising the revenue needed to run the government. Virtually all Mellon's recommendations were received favorably by republican members of the committee and probably will figure in the bill as it is finally enacted. If the bill is drawn as Mellon wants it, here's what the treasury claims it will do:

Bring into the treasury a greater sum in income taxes, both from individuals and corporations.

Make the low salaried man's income tax lower.

Relieve business of the excess profits and capital stock taxes.

Retain practically all other existing taxes with some changes in their forms, rates and methods of collection.

## WALKER TOWNSHIP TEACHERS ANNOUNCED

## LOCAL EXHIBITORS TAKE MANY PRIZES

Rush County Farmers Winners in Hog, Corn and Draft Horse Classes at State Fair

### WIN IN FINE ARTS SECTION

Miss Henrietta Coleman and Raymond Gregg Awarded Several Prizes

Rush county exhibitors fared well in the various departments at the Indiana state fair in which prizes were awarded. In the fine arts section more than any other, local people showed their superiority, although in live stock shows Rush county breeders were also well up in the list.

In the class for Chester White hogs W. E. Harton and son were first with their entry in the division for senior yearling boars and third in the division for junior sow pigs. In the class for young herd owned and exhibited by exhibitor, the Harton entry was fourth. In the class for spring sows farrowed, the Harton entry was fourth. In the class for spring sows farrowed after March 1, 1921, the Harton pigs took third and seventh, and in the class for litter of four, the local breeders were fourth.

Albert Denning and son won first on their male hog in the class for Hampshires.

In the horse department, Belgian section, A. L. Gardner of near Manilla won several prizes as follows: first on mare two years old and under three champion mare under three years of age, first on mare two years old and under three in the list of prizes offered by the American association and junior champion mare.

M. H. Fielding of near Glenwood won several prizes in the agricultural section with his entries in the corn show. He took fifth prize in the class for ten ears of old yellow corn, fifth in the class for ten ears of old mixed corn, second in the class for peck rice popcorn and first in the class for peck pearl popcorn.

In the fine arts department Miss Henrietta Coleman, supervisor of drawing in the Rushville public schools, and Raymond Gregg, son of Mr. and Mrs. Grant Gregg of this city, who is a student in the Heron Art Institute, Indianapolis, won several prizes. Miss Coleman's winnings consisted of the following:

Third for Batik dress or costume, second for wall hangings, second on lamp shade, first on negligee, first on screens, third on scarfs, third on bags, first on pillow, first on table cover, first on tie and dyed specimen, first on batik specimen or made-up article, second on applique (specimen or made up article) and second

## BEECH GROVE STATE BANK ROBBED AT NOON

Four Bandits, Three White and One Negro, Escape With Between \$25,000 and \$35,000

### LOOT IS ALL IN "COLD" CASH

(By United Press) Indianapolis, Ind., Sept. 9.—Four bandits, three white men and one negro, held up the Beech Grove State bank near here just before noon today and escaped with between \$25,000 and \$35,000 in cash.

The money, a larger amount than the bank ordinarily has on hand, was to be issued in cash pay checks to employees of the Big Four railroad.

Two men and one negro entered the bank while one of the white men remained outside in an automobile, the police were told. Two girl clerks were ordered to throw up their hands while one man scooped the money into a sack.

Henry Schoenrock, the cashier, was talking to a patron of the bank in a rear room when the bandits entered. When the two men came toward the cashier's desk they were covered by the bandits.

The bank employees were unable to give only a very indefinite description of the robbers, the police said.

### Said Can't Be Done

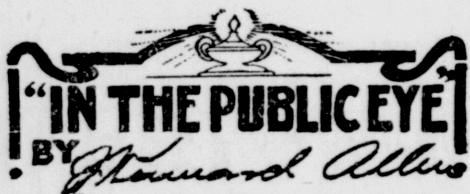

"My experience with doctors and medicines caused me to lose faith in both, and when a friend told me that Mayr's Wonderful Remedy would cure my stomach trouble I told him 'it can't be done.' However, he finally persuaded me to try it and to my surprise it did. All symptoms of acute indigestion and gas having disappeared." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at Druggists Everywhere.

## JAPS APPROVE PLAN TO SETTLE MANDATE

Washington, Sept. 9.—The Japanese government has approved the plan worked out here for a settlement of the Yap mandate and Pacific cable questions, it was learned authoritatively today.

The plan for the settlement of his difficult problem has been agreed upon informally in principle by Secretary of State Hughes and Baron Shidehara, the Japanese ambassador here, it is said.

The main terms of the agreement are understood to be:

1.—That Japan recognizes the right of the United States and other nations to use Yap as a cable landing station and for other cable purposes, while the American government drops its objections to the allocation of Yap to the mandate of Japan.

2.—That the former German cables in the far Pacific be distributed so that the United States will have the line up from Yap to Guam, Japan that from Yap to Shanghai, the Chinese end of which was diverted to Japan and that the Netherlands interests in the line from Yap to Menado, in the Dutch East Indies, be recognized.

### HAAGS PAY FINES

Indianapolis, Sept. 9.—After having served ten months in prison and 30 days at the penal farm for violation of the liquor laws, Julius A. Haag and Louis E. Haag, Indianapolis druggists, late yesterday settled their case by payment of \$1,011 in fines and costs, when Julius Haag was again jailed for non-payment of fines.

### COUNTY ASSESSOR KILLED

Lafayette, Ind., Sept. 9.—Louis Evans, Benton county assessor, was killed instantly and his grandson, Chester Louis Evans, perhaps mortally injured when their car was struck by an eastbound Lake Erie and Western Passenger train at Oxford, 25 miles from Lafayette. Witnesses said Evans drove squarely on the tracks in front of the approaching train.

### MOTORCYCLE RIDER KILLED

Muncie, Ind., Sept. 9.—Elmer Skinner, 22, skilled mechanic at a local factory, died last midnight from injuries suffered earlier in the evening when he was thrown from a motorcycle which skidded as he attempted to turn an uptown corner. His skull was fractured and he died not regaining consciousness after the accident.

### BODY WITH THROAT CUT FOUND

The Amendment's Defeat

The people of Indiana, the small percent of them who took the trouble to go to the polls Tuesday, demonstrated that they do not believe in constitution tinkering. The vote is not at all representative and does not settle anything, except that the majority of people are not willing to give any time and thought to a subject which affects the basic law.

Those who voted demonstrated their good judgment in one instance, the passing of the first amendment to prevent foreigners from voting who have only declared their intentions of becoming citizens, but they showed a lamentable unfamiliarity with other amendments which deserved the support of all of the voters.

There appeared to be no logical

argument for voting against the amendments which would place the terms of all state and county offices on this same basis; neither was there any against the changing of the law which now provides for a six year enumeration of voters for apportionment purposes and the law which compels enumeration in counties the size of Rush for every election. Both the enumeration and registration laws cause needless expense which the amendments were designed to remove. The amendments providing for four year terms for all state and county offices were to save the public funds, but a majority of the people, voting against them either misunderstood their purpose or, not understanding it, voted against them on general principles.

The election demonstrated above all other things that the people of Indiana, at least that part of them who take enough trouble to study a public question and vote on it, are very conservative and that they are willing to let well enough alone.

Perhaps it is best that they should because constant changing of the constitution should not be encouraged. Tinkering with the basic law is a dangerous pastime, and if the people of the state were susceptible to the whims of the passing moment, there is a strong possibility that radicals would take advantage of the opportunity to incorporate some of their ideas into the basic law.

Presidential Speeding

Through the means of a national conference the president hopes to secure action that will speed up industry this winter and relieve our six millions of people who are now unemployed.

We commend the action of the president. May his reach be long

and his punch hard, to the end that it may bear much fruit.

We trust he will not cease his activity until every man has a job, until every back is well clothed and every larder well filled.

It is inconceivable that in this land of plenty there should be so many who have nothing.

If the president will start the speeding others may lend a hand.

We note, in passing, that there is less kissing among women than there was a few years ago. But perhaps the men have no cause for complaint.

Be of good cheer, brother. Knickerbockers for women will not remain knickerbockers. Next season they will be trunks.

And still, when a frenzied financier gets caught it is but natural that he should become frenzied.

A girl's frame of mind is not half as important as the frame that holds her mirror.

Marriage is a lottery only where one side draws all of the prizes.

Current Comment

Who Won The War  
(Connorsville News-Examiner)

How foolish is argument as to what class of American citizens "won" the World War. And it is nothing other than silly that two men, in public life, like Samuel Gompers, president of the American Federation of Labor, and General John J. Pershing should exchange words on such a subject.

At the dinner given on the auspicious occasion of Lafayette-Marne day General Pershing drew the understanding from Mr. Gompers' address that he gave all credit to labor for successful culmination of the war. Mr. Gompers' words, we believed, do not merit that conclusion, although they were so stated that General Pershing construed them in that vein. What Mr. Gompers in all probability meant to convey was that American labor contributed its part to the defeat of Prussianism. It did, and in a noble way.

But if Samuel Gompers has the idea, as Gen. Pershing thought, that only labor won the war he has an absurd and utterly false opinion. And the same can be said of anyone in regard to either labor or capital, farmer or lawyer, or any man or woman of any class or denomination.

But the chance for argument as to who won the war can be settled with one answer.

One hundred percent Americans from all classes won the war, all together, not individually.

No one faction can justly claim the honor.

FORD OWNERS!

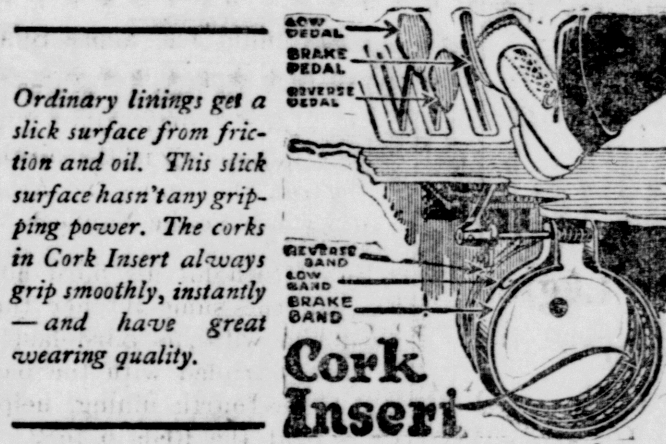

You Need

Advance Cork Insert

Brake Lining

Cork Insert makes Fords work wonderfully smooth—stops shaking and rattling—makes the brake quick-acting and surprisingly smooth. Requires only slight pressure on the pedals—makes Ford driving a real pleasure.

Cork Insert is far the cheapest in the end. One set outwears three sets of ordinary lining—saves you the expense and inconvenience of relining brakes. Does away with jarring vibration—makes your Ford last much longer.

Ordinary lining gets a slick surface from friction and oil. This slick surface has't any gripping power. The corks in Cork Insert always grip smoothly, instantly—and have great wearing quality.

Bring in Your Ford Today! Let us equip it with Cork Insert. Our Repair Department is at your service. We do expert repairing.

We carry a full line of accessories. The best tires and tubes—oils and greases.

Good Hard Coal Means  
Satisfaction In Heat

A steady penetrating heat, with your base burner requiring little attention and little shaking is what you have when Jeddo hard coal is used. The ashes should be shaken out but once or twice a day, and one or two buckets of coal in the usual winter weather will keep your magazine full.

The quality of this coal is due both to the high grade mines it comes from and its exceptional preparation. When this coal is first brought out of the ground in the small miners' cars, it is elevated into a high colliery. Here a dozen men do nothing but pick the slate from the virgin coal as it passes slowly down a long chute. That is why Jeddo coal is so free from slate.

Before the coal is loaded each size is rescreened twice to keep from running the smaller coal into the chestnut and stove size.

You will find it a pleasure to burn this coal in your base burner.

America's Best Tennis Players And  
Pick of Four Other Countries in  
Singles Play

### ARE AFTER TILDEN'S CROWN

By HENRY L. FARRELL  
(U. P. Staff Correspondent)  
Philadelphia, Pa. Sept. 9.—America's best and the pick of England, Australia and Japan start today in the first round of the national singles tennis championships at the Germantown Cricket club.

One hundred and eight star racket yielders, will start after the crown worn now by William T. Tilden, the tall Philadelphian who boasts of two American titles, two British and one French crown.

Ichiya Kumagae the spectacled little Japanese, who fought the American team in the Davis cup matches last week has been forced to default but his mate of the Nippon team, Zenzo Shimidzu who took two sets from Tilden and forced Johnson to the limit will play with S. Kashio, the reserve member of the team.

William T. Tilden, William M. Johnston, Vincent Richards and Shimidzu are all in the lower half of the draw which means that only one will get beyond the fourth round and that most of the excitement will be confined to the early rounds.

### SPORT CHATTER

New York, Sept. 9.—Miss Charlotte Boyle, holder of several swimming record, possessed a new title today. She is international woman's champion at 200 meters, having established a record of two minutes, 21 and two-fifths seconds for that distance in Madison Square Garden pool last night.

Philadelphia, Sept. 9.—With fifty-three already marked on his card, Babe Ruth seems sure to break the world's record he established in 1920 by knocking 54 home runs. In twenty-three games on the schedule he has only two full circuit clouts in the way of a new record and as the Yanks finish the season with a long stay on the Polo grounds the king slugger ought to get comfortably above his old mark.

New York, Sept. 9.—Mlle. Suzanne Lenglen, European tennis champion, will participate in two exhibition doubles matches tomorrow and Sunday. Paired with Mrs. David C. Mills she will meet Miss Leslie Bancroft and Miss Martha Bayard tomorrow at Mountain Station, N. J. The following day she will take part in a mixed doubles match at Bay Ridge. Her partner and opponents have not yet been selected.

### Watching The Score Board

Yesterday's hero—Paul Johnson, batting in a pinch in the ninth, drove in the run that gave the Athletics a 6 to 5 win over the Yankees.

Babe Ruth hit his 53rd homer off Russell, the same pitcher that supplied him with his 53rd last year. Grimes tripled with the bases filled in the fourth inning, helping the Cubs beat the Reds 6 to 2.

Four Indian pitchers were pounded out of the lot by the Tigers who won 15 to 1. Dauss was effective all the way.

Eight runs scored in a rally in the ninth inning gave the Phils an 8 to 6 victory over the Braves. They dropped the second, 13 to 2.

Sheeley's homer with two on gave the White Sox a three run lead in the first inning but the Browns took the game 4 to 2.

## GREENFIELD COMES FOR A GAME SUNDAY

Aggregation Will be Accompanied  
by Big Crowd of Fans, it is  
Reported Here

### LOCALS EXPECT TO HIT STRIDE

The Greenfield baseball team will come here Sunday to hook up with the Tail Lights, and a big bunch of fans from that city is expected to accompany the team here. Greenfield has been playing fast ball this season, but was defeated last Sunday and Monday by two teams. The Ft. Benjamin Harrison soldier team and the Indianapolis Reos each won from them, and the visiting team will try hard to capture the Sunday game here.

No line-up has been announced for the Rushville club, but practically the same team will be used in the Sunday contest, with Clever on the mound.

The local club expects to hit their stride Sunday, and is planning to finish the season by winning most of the games.

The game Sunday will begin as usual, at 2:30.

### TO PLAY ANDERSONVILLE

The Selmer-Towel base ball team of Indianapolis will meet the Andersonville team on the Andersonville grounds Sunday afternoon at 2:30 o'clock. A large crowd is anticipated.

## W. T. TILDEN HOLDS TENNIS CHAMPIONSHIP

In Past Two Years Philadelphian  
Has 2 British, 2 U. S. and 1  
French Title

### ENTERS INTERNATIONAL MEET

By HENRY L. FARRELL  
(U. P. Staff Correspondent)

New York, Sept. 9.—William T. Tilden stands on the books as the greatest tennis player in the world. In the past two years, the tall, square shouldered Philadelphian has acquired two British titles, two American titles and a French title.

Starting tomorrow in Philadelphia in the first round of the national singles championship he goes into an international tournament that carries with it an almost clean right to a world's championship.

However, court critics who have been following the summer's play predict that the champion will do little more than start.

William Johnston the fiery little Californian, team mate of Tilden in two Davis cup victories and twice an American champion, is the choice of the experts for the championship. Through one of those peculiar strokes of the draw Tilden, John-

ston and Vincent Richards the youthful Fordham star, are in the bottom group of the 108 American, British, Australian and Japanese stars that will compete for the title. That means that one or two of the big three will go out early in the play.

Harrie Jones Wins With Bee Line  
But Fails to Place Red B

Red B, driven by Harrie Jones of this city, finished eleventh tenth and eighth respectively in the three heats of the 220 pace at the state fair in Indianapolis Thursday. Red B acted badly in every heat and broke frequently. He belongs to a St. Paul, Ind., man.

The local trainer piloted Bee Line to second money in the 214 pace on Wednesday, finishing second in each of the three heats. The time was 2:08; he first two heats and 2:09; the last heat.

Billy J. K., belonging to Braek Johnson of northern Rush county, won the first heat on the 2:12 pace Wednesday but broke badly in the second heat and was distanced. He was driven by Bruce Graham of this city.

Mr. and Mrs. Norman Covalt of Shelby county and cousin Miss Dorothy Leisure of near Carthage motored to Newcastle Saturday evening and visited Mr. Covalt's parents and attended the Covalt family reunion Sunday at the Muncie park.

The Willing Workers of the Orange Christian church were delightfully entertained yesterday afternoon at the home of Mrs. Ella Stevins in Orange. A very interesting program was given and a short business session was held. Delicious refreshments were served at the close of the meeting.

Mr. and Mrs. Thomas Meek entertained at their home near Clarksburg with a turkey dinner Wednesday evening. The dining room was decorated with cut flowers, consisting of roses carnations and ferns, and Japanese lanterns. After the

## PUBLIC IS URGED TO HEED NATURE'S WARNING

Thousands of People Suffer Permanent Loss of Health Because of Neglect — Nature Has Set the Danger Signals for Us and We Cannot Afford to Pass Unnoticed the Warning That She Gives Us.

Good digestion means good health; bad digestion means bad health. A sound stomach is worth a hundred times its weight in gold. Probably eighty per cent of all diseases originate in the digestive organs. Dyspepsia, or what is more commonly known as indigestion, is not only one of the most prevalent, but it is one of the most difficult to treat of all present day diseases, and has for years baffled the skill of leading specialists everywhere.

Stomach trouble is almost always followed by a complication of diseases. One of the first being an overworked liver, with all the symptoms of biliousness, followed in turn with headaches, coated tongue, nausea, dizzy spells, pain in the back, palpitation of the heart and other distressing symptoms. Sooner or later the kidneys will become involved and that is just why these danger signals should be heeded in time. A wise man puts out the fire before there is too much destruction; the same theory should apply to stomach trouble.

Gas in the stomach means fermentation instead of digestion; decay, instead of nutrition for fermentation produces poisons, which are absorbed by the blood, and which frequently bring on the condition known as auto-intoxication or self-poisoning. This is also why we develop acidosis, which brings on so many complications such as rheumatism, hardening of the arteries, high blood pressure and other conditions, which may mean permanent loss of health. Acidosis is one of the main forerunners of Bright's disease and diabetes, hence it is evident that if we have stomach trouble, however slight, we are foolish indeed if we do not take prompt steps to correct it.

If we are not fit as a fiddle in the morning; if we don't feel better than when we went to bed; if our breath is offensive; and we have that bad taste in the mouth; nature has set the danger signals for us and we cannot afford to neglect the warning that she gives us. That is just why the demand for Tanlac, the great Stomachic, Systemic and Reconstructive tonic has broken all World's records. The American people

dinner the evening was spent with music, games and dancing. The guests were Mr. and Mrs. Glass Darnell, Mr. and Mrs. Waldo McGuire, Mr. and Mrs. Bert Morris of Milroy, Mr. and Mrs. Ernest Mull, Mr. and Mrs. Ernest Linville, Mr. and Mrs. Carey Cross, Opal Linville and Forrest Moore, Bethel Ruhlman and Floyd Cross.

Mr. and Mrs. Walter Thomas of Connersville entertained at a high noon dinner party Sunday. The guests were Mr. and Mrs. Charles Caldwell, son Gurney and daughter Elsie and Mrs. Thomas Heck of Raleigh, Mrs. Deliah Hiers and daughters Ola, Myrtle, Ruby and Frances, Mr. and Mrs. Clyde Wilson and son Norman of this city, Miss Alice Alexander of Falmouth, Mrs. Earl Ruff, Mr. and Mrs. Elmo Hiers, son Cedric and daughter Rosemary of Glenwood, Mr. and Mrs. Charles Hiers of Gings,

Mr. and Mrs. Cort Thomas, Mr. and Mrs. Will Thomas, Mr. and Mrs. Roy Thomas, son Jonathan and daughters Mary, Elizabeth and Martha, and Mr. and Mrs. Allen McCrory and sons, Evan and Leonard of Connersville.

The Tri Kappas will meet next Monday afternoon with Miss Lavern Bishop. Each member is asked to bring their dues for the Cross Keys.

The mission band of the Little Flatrock Christian church will meet in the Sunday school room Sunday evening at 6.30 o'clock, Miss Esther Ralston being the leader. All members are requested to be present as it will be an important meeting.

Mr. and Mrs. Warren P. Elder entertained with a prettily appointed dinner party today at noon at their home in Julian street. The guests were Mrs. William D. Rees, C. D. Rees, and Mrs. David Rees, of Red Key, Ind., and Mr. and Mrs. W. W. Semans and two children of Dunkirk, Ind.

Word has been received here of the marriage of Miss Bonnie Ayres of Wilkinson and Cassell Bell, son of Mrs. Pearl Bell Craig, of Connersville. Mr. Bell has been in the navy for the past year and is now discharged. He is well known here having lived here for a number of years. Mr. and Mrs. Bell will reside in Connersville.

Miss Evalena Macy, daughter of Mr. and Mrs. Allen D. Macy of Union township, Shelby county, and Randolph Reames, son of Mrs. Martha Reames, of this county, were united in marriage at the home of the bride last evening at eight o'clock. The ceremony was performed by the Rev. Luther Addington, pastor of the Friends church, as Miss Faye John softly played "Hearts and Flowers."

Previous to the ceremony, A. L. Spohn sang "I Love You Truly," and at the conclusion of the ceremony Miss Blanche Wicker sang "Love, Here Is My Heart" and "O Promise Me." The bride's dress was net over white messaline and she carried a bouquet of American Beauty roses. The bride is a graduate of the Manilla high school and also a graduate of the Central Business College of Indianapolis and was employed by the Nutz and Grosskops Company of Indianapolis as stenographer. She is also an accomplished musician. Mr. Reames is a prominent young farmer of Rush county. He served during the war in the air service of the army. The couple will reside on a farm two and one-half miles southwest of Rushville.

### TAX RATE IN TWO TOWNSHIPS LOWER

special school and tuition funds. The township tax was left the same, two cents, and the road fund tax of nine cents remains the same. The special school tax was reduced from 22 to 21 cents and the tuition tax remains the same, 16 cents. The school bond tax was also left the same, six cents. The township poor tax of one cent levied for this year was eliminated for next year as the township has a good balance in the poor fund.

The notice of the levy being made by filing with Walter Bitner, chairman of the township advisory board, and Frank Rhodes, secretary.

The Glenwood town rate will be the same next year as this, 50 cents. For the general fund the levy is 27 cents, the light fund 13 cents and the street fund 10 cents. A poll of 25 cents is again levied for the general fund. Earl Young, town clerk, filed the statement.

Drugs Valued at \$75,000 Aboard Steamship King Alexander Are Also Confiscated

New York, Sept. 9—Five sailors were shot and wounded in a battle with prohibition enforcement agents aboard the steamship King Alexander, at her wharf in Brooklyn today. The raiders, after a desperate struggle, overpowered the seamen and seized alleged contraband liquor worth \$50,000.

Drugs valued at \$75,000 also were confiscated, the officers announced.

The spectacular raid was climaxed with the suicide of one of the raiders when Frank J. Fitzpatrick shot himself while in the washroom of the ferryhouse.

Other prohibition agents were standing with Fitzpatrick who came here from Bridgeport, Conn. according to police. Investigation to learn the reason for his suicide was started immediately.

The raid on King Alexander was in connection with the new campaign launched here against bootleggers.

Acting on a tip that members of the crew of the King Alexander were involved in a plot to smuggle contraband liquor and drugs into this country, the prohibition agents swooped down on the ship. The gun fight followed.

Sailors resisted and a score of shots were exchanged.

Peter Fakis, quartermaster, was shot in the right foot.

Fifteen prohibition agents comprised the force that raided the King Alexander. They approached the ship in a launch and lay in the shadows of the wharves while agents posing as prospective purchasers of the contraband went aboard the vessel.

While they were negotiating on the ship a lookout spied the launch crowded with officers. He gave the alarm. A moment later those in the launch heard a rattle of shots from the vessel.

They leaped from the launch to the pier and rushed the gang plank.

## Get First Hand FACTS About Your Battery

Batteries will wear out—nobody can stop that, but in a good many cases the embarrassment would be less if the owner knew his battery had "one foot in the grave," and was apt to die any time. When anything like that happens we feel that we have failed in our effort to get your ear and tell you the facts—the condition of your battery.

One of our most important duties is to tell you—whether you own a Willard Threaded Rubber Battery or not—just how that battery stacks up.

## FARMS OPENED TO FORMER SOLDIERS

North Platte Region in Wyoming Set Aside For World War Veterans Today

CONTAINS 222 GOOD FARMS

On September 16 Another Region Containing 57 Farms Will be Ready for Veterans

(By United Press)

Washington, Sept. 9—Two hundred and twenty-two farms today were opened to homestead entry by veterans of the world war in the North Platte region of Wyoming by the reclamation service of the department of interior.

On September 16, another opening will be made of 57 farms in the Shoshone district of the same state. These farms are particularly adapted to dairying, which, according to the department's statistics, is rapidly coming to the front as one of the county's foremost industries.

A decade ago this land was a part of a vast range occupied by nomadic cattle. Through irrigation it has recently been transformed into one of the most fertile spots in Wyoming.

Two colonies of disabled ex-soldiers have been formed for the purpose of studying agriculture with the help of the federal board of vocational education.

Over 150 "recruit" farmers are in training at Ontario, California, and at Davis California, there are 100 more trainees. Universities at cities where these colonies are located are co-operating during the school term and in the summer practical work on ranches is afforded.

During the training period and for the first two years of farm ownership the disabled ex-soldiers are paid from \$100 to \$170 per month.

### ATTENDS MOTHER'S FUNERAL.

Dr. J. T. Paxton attended the funeral, this afternoon, of his mother, Mrs. Mary J. Paxton, who expired Wednesday night at her home in Fair Haven, Ohio, following an illness of several weeks of a complication of bowel trouble. # Are They Getting A Square Deal?

THOSE Children of yours—Man, but you're proud of them. You think of the things you want to give them—an education—everything that will help them make their mark in life. But— are you doing anything besides thinking about it? Are you really giving them a square deal?

One thing that contributes a great deal towards a man's success in life is the proper Home Environment during his youth. Children cannot get the proper environment under somebody else's roof. Just renting a house, moving about, changing schools, etc., doesn't give them the opportunity to progress that they would have if their folks owned a home. And— have you stopped to think that if you keep on renting, the money you will pay out between now and the time when your children are ready for college will more than pay their way through school? Think it over! Give those children of yours a square deal; and when you decide to build call on us for assistance. The men in our Home Builders' Department can give you valuable suggestions and advice relative to planning, financing and building your home. We will give you honest-to-goodness Service and Quality that Satisfies.

## Amusements

### Realistic Panic Portrayed

An explosion wrecked the Yiddish Theatre in the East side of New York.

Thousands stampeded toward the doors in panic.

Suddenly on the stage appeared a little girl who sang an old and popular song. The audience became quiet and filed through the doors to safety.

That is one of the big dramatic heartpunches that has aroused such favorable comment in "Cheated Love", Carmel Myers' sensational Universal photodrama which is to be shown at the Mystic Theatre today only.

The story concerns a little Russian immigrant girl. Her love problems, her self-sacrifice for the man she loves and her triumph over seemingly unsurmountable obstacles have been woven into a romantic story by Lucien Hubbard and Doris

Schroeder, the authors. King Baggot directed it.

The supporting cast includes such favorites as George B. Williams in an interesting character role, Allan Forrest, John Davidson, Ed Brady, Snitz Edwards, "Smoke" Turner, Fred G. Becker, Mme Rose Dione, the emotional French star, and many others equally prominent.

Playgoers who attend the Mystic Theatre today will comment upon the humorous touches, spontaneously introduced into the theme, which balance the tense drama and increase the entertainment value of the production.

### "Wealth" at The Princess

They're calling her "Brakeman-Ethel" at the Famous Players Lasky studio at Hollywood, Calif., now Ethel who? Ethel Clayton. For she proved herself a masterhand at jumping trains during the taking of scenes in "Wealth", a Paramount picture produced by William D. Taylor which will be shown at the Princess Theatre today and Saturday.

One of the sequences call upon Miss Clayton to board a train just as it pulled away from the station. At the time of taking, however, a misunderstanding arose about signals—and when the star arrived within forty feet of the train it pulled out!

This was quite unexpected but Miss Clayton didn't stop to reason why—she just ran at top speed and made a flying catch of the hand rail on the last car and pulled herself aboard as the Special reached a speed of some fifteen miles an hour.

"Anything for realism", she panted, breathless, as Mr. Taylor and troupe congratulated her on her athletic prowess.

"Did the cameras get it?"

The cameras did—and the result is an exceptionally colorful bit of action around the usually rather drab process of boarding a train. "Wealth", is a Julia Crawford Ivers adaptation of an original story by Cosmo Hamilton. In the supporting cast interpreting the story, which tells that money is a curse when it takes away the incentive to work, are Herbert Rawlinson, Claire McDowell, Richard Wayne, J. M. Dumont, George Perfolat, Jean Acker and others.
